Jim:

STATINTL appreciated the opportunity to tour the [redacted] with you yesterday. As I mentioned coming back in the car, I find those sorts of visits interesting and very useful. Please extend my thanks to Walt [redacted] and to all the others who contributed to the preparations for my visit.

I would like to do the same kind of thing with P&PD and the Motor Pool, etc., after I get a few of my initial problems out of the way.

Harry
